Flower Bulb Sale Coming Soon

MACA's Spring Fundraiser information will be sent home on Wednesday, Feb 1st.

It has an order form for Flower Bulbs and another for Fruit Trees. Both campaigns run from February 1st thru March 2nd. Late orders will not be accepted as we have to get them in on time to insure proper delivery times for spring planting.

The Flower Bulb campaign has both the color brochure as well as being able to order online for out of town friends and family.

Your child's link for direct ordering will be www.dutchbulbs.com/fg/mountainarea/ followed by the last name and the initial of the first name used at MACA. Example: Mrs. Brooker's link would be www.dutchbulbs.com/fg/mountainarea/brookerb

Some of our students have the same last name and first initial, so their first name will be used instead of the initial. You can log into your child's link and if there are any questions, there is a list in the office with the correct info for each student.

All items ordered online will be direct-shipped to the purchaser from the company, while brochure orders will be distributed by students when the product comes in.

All money is to be collected at time order is placed and turned in with order forms at the end of the campaign.

There will be great prizes for top sellers and that information will go home on Feb 1st along with the fundraiser material.
